

SURAJ PAWAR

Software Engineer | Java - Spring Boot - Microservices - React.js

Pune District, Maharashtra, India | surajbalupawar1@gmail.com | +91 8010613284

PROFESSIONAL SUMMARY

Software Engineer at Nebula Technology with a solid foundation in Core Java backend architecture, Spring Boot microservices, RESTful API design, and modern responsive frontend engineering with React.js. Proven experience engineering enterprise Learning Management Systems (LMS) with Apache Kafka for event-driven streams, Redis for distributed caching, and Docker containerization.

WORK EXPERIENCE

Software Engineer - Nebula Technology

Dec 2025 - Present | Pune, India

- Architecting and developing large-scale Enterprise Learning Management System (LMS) using Spring Boot microservices.
- Implemented Apache Kafka event streams for decoupled, high-throughput asynchronous communication between services.
- Integrated Redis caching mechanisms to optimize high-traffic database query performance and session persistence.
- Engineered scalable MySQL relational database schemas, query optimizations, and containerized Docker environments.

Full Stack Developer Intern - Nebula Technology

May 2025 - Nov 2025 | Pune, India

- Completed 6-month intensive full-stack internship focusing on Core Java, Spring Boot, Hibernate, and React.js.
- Built responsive, accessible web interfaces consuming secured REST APIs with role-based access control.
- Participated in agile sprints, code reviews, and Git collaborative version workflows.

EDUCATION

Bachelor of Science in Entire Computer Science (B.Sc ECS)

Completed March 2025

Karmaveer Bhaurao Patil Mahavidyalaya, Pandharpur, Dist-Solapur, Maharashtra

Key Focus: Data Structures, OOP (Java), Database Management, Software Engineering, Web Technologies

TECHNICAL SKILLS

Backend Technologies:	Core Java, Spring Boot, Hibernate, JDBC, RESTful APIs, Microservices Architecture
Frontend Technologies:	React.js, JavaScript (ES6+), HTML5, CSS3, Modern Responsive UI Design
Streaming & Caching:	Apache Kafka, Redis Distributed Caching
Databases & DevOps:	MySQL Relational Database, Docker, Git, GitHub, Maven

VERIFIED INDUSTRY CERTIFICATIONS

- Commonwealth Bank - Software Engineering Job Simulation	Forage Completed Sept 2025
- DATACOM - Software Development Job Simulation	Forage Completed Sept 2025
